Since its founding over ten years ago, Funk in the City has strategically grown its events to attract thousands of festivalgoers from around the region and across the country.

What We Do With The Proceeds - a portion of them will go towards a project or needs of the Haynie's Corner Arts District.

This year we are going to a juried show, below will outline how this process will work and please if you have any questions let us know.

Eligibility

All artwork must be original and created by the artist. Prints are permitted but must be clearly marked as a reproduction. Commercial exhibits, buy and sell items, items made from kits and commercially molded articles are not permitted.

Jury Process

Jury decisions are based 80% upon the quality of work portrayed in the images submitted for the jury process, and 20% on your booth presentation. If you do not submit a booth image you will automatically lose 3 points off your final score. Your booth image should not have the artist or any signage with the artist name or business name visible and should represent the setup we will actually see at the event. **We are requiring 5 images including a booth image.**
